Dear Ms. McHugh:

I would appreciate it if you could get for me a copy of the book Tracking: a blueprint for learning how, by Jack Kearney. This book is listed in Books in Print as being published by Pathways Press in 1978. However, I wrote to Pathways Press to ask the price of this book and they wrote back to inform me that the Books in Print listing was in error and that they had not published the book. They mentioned that there was another company called Pathway, and that this company might have published the book.

However that may be, I will be obliged to you if you can get me a copy of this book on an interlibrary loan. If you are able to get the book, please pass it on to Sherri Wood at the Lincoln Library, as you have done in the past, and I will pick it up there.

Thank you very much for your help — and thanks also for the help you've given me with other books and articles in the past.
